

HAS YOUR MODULAR TILE SPORTS SURFACE SEEN BETTER DAYS?

Prolonged sun exposure can create substantial color fade which until recently, little could be done to restore the original brilliance of the surface.

SUN FADE
REVITALIZER

There is now a product that will make sun-faded sport surfaces look **BRAND NEW AGAIN!**

BEFORE

AFTER

SUN FADE COLOR REVITALIZER restores the original color of your sports surface.

The product can be applied in one day with amazing and lasting results.

"Our Engineers tested this product on badly weathered Sport Court tiles. The appearance improved dramatically after initial treatment, and our accelerated in-house tests showed the improvement lasted for the equivalent of an additional 2 - 3 years of harsh-weathering. We were very impressed with the results!"

Ronald N. Cerny, President and CEO,
Connor Sport Court International LLC.
